

## ERRATUM

Schwille PO, Wipplinger J. Idiopathic Recurrent Calcium Urolithiasis (IRCU): An Acid Meal Challenge Uncovers Inappropriate pH of Postprandial, Fasting and Daily Urine – A Cross-sectional Study of Male Patients Providing Insight into Post- and Pre-load Urinary Stone Substances, Crystallization Risk, Presence of Stones, Renal Transport and Systemic Metabolic Factors. Eur J Med Res. 2008 July 28; 13(7): 332-342

## CORRECTION

On page 333, section Material and Methods, paragraph "Laboratory Program, Test Meal", line 19, the indicated citation (reference [18]) is wrong; for the details of the components of the test meal the interested reader is referred to citation [26] of the same article.
